Lagoon Range Guide

Modern workspaces need a mixture of open-plan and quiet spaces that can cater for the needs of both individuals and teams that need to work and communicate in a new and innovative ways.

Lagoon allows you to maximise your space and shape your working environment to encourage collaboration, inspire creativity and improve productivity.

With its vast range of units, varied back heights and exceptional modularity, Lagoon gives you the ultimate freedom to configure an array of secluded meeting booths, creative breakout spaces and multi-use reception areas to name but a few.

With integrated power modules and media devices, Lagoon aids cutting edge working techniques and allows you to push creative boundaries.

## Key Features

Expansive range of modular units that can combine to create a myriad of different seating configurations for any space

Ability to landscape open-plan environments into unique work, breakout and meeting areas

Integrated multimedia and power options to facilitate mobile working

Elegant powder-coated legs in white or satin silver

Webbed seats for optimum comfort

Upholstery in fabric or vinyl with two-tone options available

UK-made; intelligent design, quality materials and excellent production techniques

**Below:** A glance at just some of the many configurations possible with Lagoon.

**Lagoon Booths**

Improve productivity and encourage creative collaboration with meeting booths that provide optical and acoustic privacy within open-plan environments.

**Top:** Lagoon Media Booth: seats up to 4 comfortably. Shown with optional integrated power supply and media connectivity.

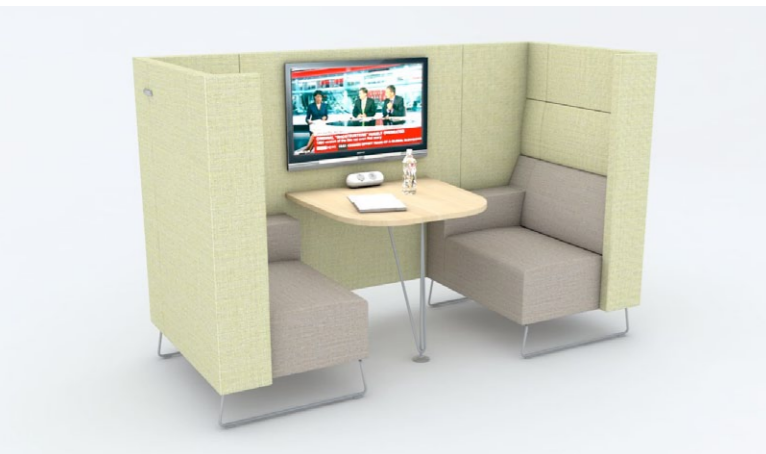

**Middle:** Lite Booth: the space efficient and cost-effective brother of the Media Booth is great for casual meetings and collaborative tasks.

**Bottom:** Lagoon 2-Person Booth: ideal for casual one-to-one meetings and collaborative tasks amidst the open-plan office space.

**Opposite**

**Top:** Solo Workpod: a great place for individuals to seek refuge from the busy office environment and focus on tasks with minimal noise and distraction.

**Bottom:** Meeting Sofa: can be arranged to create a semi-enclosed space that minimises distraction and offers privacy for individual concentration or casual meetings.

**Top:** Lagoon Honeycomb: perfect for creating sleek, stylish and comfortable breakout spaces for people to meet, greet, socialise and share ideas.

**Middle:** Lagoon Armchair: great for receptions and breakout areas.

**Bottom:** Lagoon Sofa: great for receptions and breakout areas.

**Opposite**

**Top:** Lagoon Breakout: a great option for open-plan areas where users can relax, socialise and collaborate.

**Bottom:** Lagoon Huddle: comes with a triangular storage unit, which can integrate an optional power module, can be further complimented by our range of Lagoon Coffee Tables and Prop stools.

**Lagoon Breakout**

Utilise Lagoon's exceptional modularity to create a diverse range of configurations to suit breakout spaces of all shapes and sizes.

**Top:** Lagoon Junction: Ideal for open-plan breakout areas as a place to meet, greet, relax, socialise and collaborate.

**Middle:** Lagoon Sofa with Storage: a stylish and comfortable seating unit with a mid-height back that includes a central storage unit, and an optional power module.

**Bottom:** Lagoon Coffee Tables: perfect for complimenting Lagoon in receptions and breakout spaces.

**Opposite**

**Top:** Lagoon Welcome Sofa: stylish and comfortable, with high-backs that can help to create a reception area that is warm, inviting, visually attractive and sure to make a great impression on visitors.

**Bottom:** Lagoon Bay: ideal for breakout areas where users can relax, socialise and collaborate.

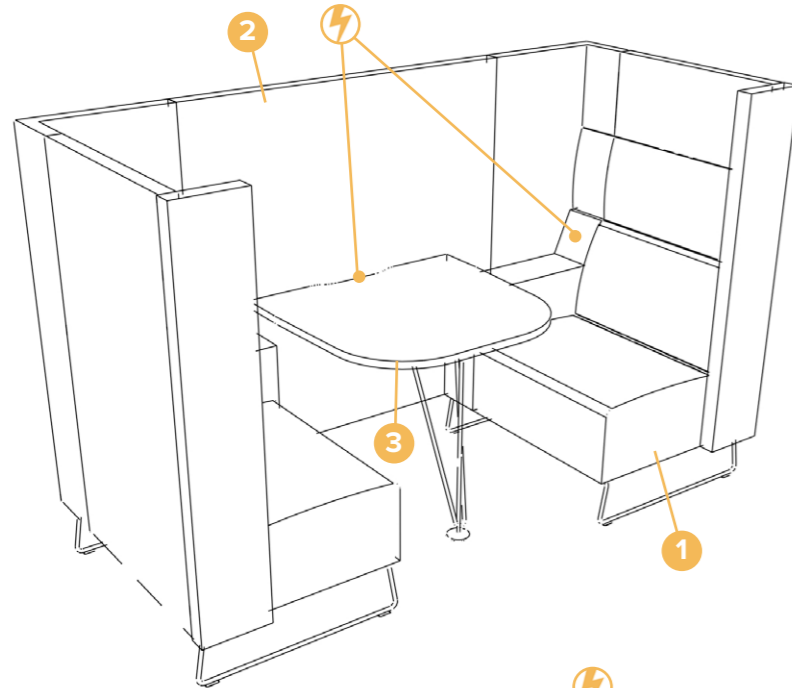

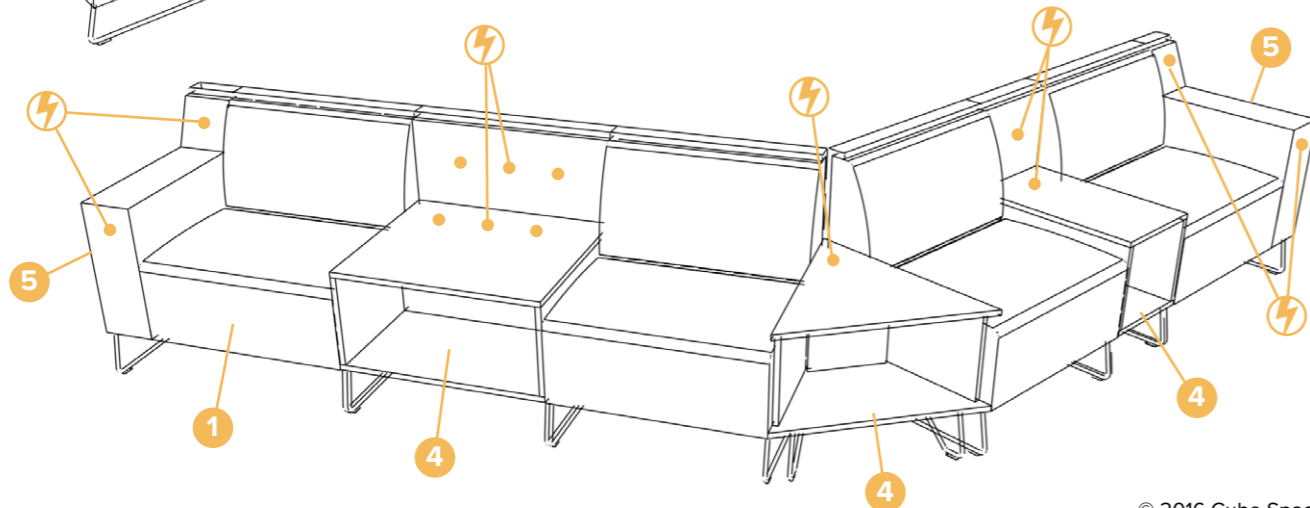

**Top:** PolarICE provides power and data connectivity on-desk easily and without the need for special installations or tools. Can be configured with mains power, USB charging and HDMI connectivity as standard.

**Bottom:** The Pixel Power Module unit has been designed to meet demand for a small and aesthetically pleasing power and data unit to fit neatly into a wide range of furniture. Can be configured with mains power and USB charging as standard.
